PROFILE

Data analyst with nine years' public-sector experience maintaining, reconciling and reporting on workforce and operational data, now working as a Sustainability Analyst Intern validating and automating ESG data. Skilled in trend analysis, forecasting, KPI reporting and data validation using Advanced Excel, Power BI, SQL and Python. Highly organised and detail-focused, and clear in explaining findings to managers and stakeholders.

CORE SKILLS

- **Analysis and reporting:** trend analysis, time-series forecasting, KPI and performance reporting, exploratory data analysis
- **Data quality:** validation, reconciliation, duplicate and exception investigation, data standardisation
- **Tools:** Advanced Excel (pivot tables, lookups, Power Query), Power BI (DAX, data modelling), SQL, Python (Pandas, NumPy), REST APIs
- **Professional:** organisation and prioritisation, attention to detail, stakeholder communication, Agile teamwork (Jira, Trello)

PROFESSIONAL EXPERIENCE

Sustainability Analyst Intern · Klimado GmbH, Frankfurt (remote) · 08/2026 – present

- Validated a 3,482-record supplier dataset, identifying 60 duplicate companies, 10 incomplete records and further inconsistencies for investigation.
- Built repeatable Python validation and correction workflows that improved data accuracy and reduced manual checking.
- Integrated the Companies House API to verify company information automatically.
- Mapped 656 industry records against 975 EU NACE reference codes, resolving 59 duplicate codes and 34 leading-zero discrepancies.
- Automated data collection for ESG research across more than 100 companies.

IT Assistant – Data Analysis & Reporting · Government of Kerala, MGNREGS Pathanapuram Block, India · 03/2014 – 05/2023

- Maintained worker, attendance and wage records for the Mahatma Gandhi National Rural Employment Guarantee Scheme, India's largest public employment programme.
- Reconciled work-days, wage payments and expenditure accounts, investigating discrepancies and correcting records.
- Prepared monthly progress reports and performance indicators for block officials, tracking employment days delivered against targets.
- Entered and checked data in the scheme's national management information system, meeting monthly reporting deadlines.

SELECTED PROJECTS

Website Traffic & Demand Forecasting · Power BI, time-series forecasting

- Analysed historical visit trends and forecast future demand, with KPI monitoring to support resource allocation.

Vehicle CO2 Emissions Root-Cause Analysis · Power BI AI visuals

- Analysed 6,654 vehicle records with Key Influencers and Decomposition Tree, identifying engine type and engine size as the main drivers of emissions.

Healthcare Operational Analytics · Power BI, DAX, data modelling

- Dashboard of hospital admissions, departmental capacity and patient throughput, using year-to-date and year-on-year measures.

NHS Scotland Prescription Data Analysis · Python, Pandas, Streamlit, Plotly

- Retrieved up to 100,000 rows from the NHS Scotland Open Data API and built an interactive dashboard of costs, items and GP practice KPIs, with a Health Board map.

CERTIFICATIONS

- CompTIA Data+ (DA0-002), passed 2026
- BCS Foundation Certificate in Business Analysis, passed (73%)
- IBM Data Analyst Professional Certificate, IBM / Coursera
- Power BI Professional Certificate, Coursera

VOLUNTEERING

Volunteer QA & Data Analyst · Scottish Tech Army · 09/2024 – 08/2025

- Logged, prioritised and analysed 30+ defects in Jira and Trello within Agile teams improving digital services for charities.
- Analysed user feedback and testing data to inform product improvements.

Shop Volunteer · British Red Cross, Linlithgow · 12/2023 – 09/2024

- Kept stock and replenishment records up to date and served customers in a busy charity shop.

EDUCATION

- BSc Zoology, University of Kerala, India (First Class with Distinction)
- Bachelor of Library and Information Science (BLISc), Mahatma Gandhi University, India
- Postgraduate Diploma in Computer Applications (PGDCA), State Board of Technical Education, Kerala (Distinction)
